LEXINGTON GOES UP IN THE AIR OVER B. B. OPENING.

(Wednesday's Herald.)
According to an announcement made today from the headquarters of the Lexington Baseball Club, there will be a monster parade the day of the opening home game of the season Friday, when the Colts meet Chillicothe here.
Plans are now under way to hold a military parade instead of the automobile parade as was originally planned for the occasion. Capt. J. B. Sams, of Company C, is heartily in accord with the promoters and it is believed that Capt. T. B. Short, of Company I, will also fall in with the idea.

MEDIATORS TO MEET IN CANADA MAY 18.

Washington, May 5.—Secretary Bryan announced tonight that the three South American mediators in the Mexican difficulty would meet at Niagara Falls, Canada, May 18, to receive representatives of the parties to the controversy.
Mr. Bryan said:
"The mediators have notified the different parties that Niagara Falls, Canada, has been selected as the place where the mediators will confer with representatives of the different parties interested in the mediation and that the 18th of May has been fixed as the date when the conference will begin."

VILLA WON'T TREAT WITH HUERTA.

Torreon, Mexico, May 5.—That General Francisco Villa had indignantly spurned overtures from General Maas, of the Federal troops, was made known here today when the correspondence between the two military commanders was made public.
General Obregon, commander of the division of the northwest of the rebel army; General Pablo Gonzales, commander of the northeast division; General Panfilo Nator, commanding the central division; General Caballero, commanding the besieging forces at Tampico, and others have refused proposals that they unite with the Federal troops to repel an American invasion.

"Mother was a beauty in her younger days."
Mother may smile deprecatingly—but watch her go to the little top drawer and take out the precious photograph "taken before I was married." Chances are she will also tell you of her admirers, and we can believe they were many.
What a priceless record of her younger charms that photograph is to mother, and to you.
Modern photography can do infinitely more to preserve the records of years.

ILLINOIS CENTRAL INJUNCTION

Fighting Kentucky Valuation Is Up Before Judge Cochran For Final Determination.

Frankfort, Ky., May 5.—In order for the Illinois Central railroad to pay annual dividends of 6 per cent. it must earn 8 per cent. on its stock. Martin P. Blauvelt, of Chicago, comptroller for the road, made this statement in his testimony before Federal Judge Cochran in the injunction suit of the company against the State Board of Valuation and Assessment. The company is endeavoring to have declared void the 1912 and 1913 assessments of its franchise. Blauvelt said that interest from the bonds of companies owned, leased or controlled by the Illinois Central should not be considered in determining the value of the company's franchise. Blauvelt testified that the entire value of the system, according to the value of its stocks and bonds is \$245,630,519 for taxable purposes.

D. J. Bromley, of Chicago, valuing engineer of the road, testified it would cost \$319,683,095 to reproduce the right of way, roadbed and structures. The difference in the value of its reproduction and its value for taxation by these two expert employees of the company is \$73,982,576. The estimation of Bromley does not include the rolling stock, franchise or intangible property, such as stocks and bonds it owns of other companies.

According to Bromley the value of six terminals of the company are: Chicago, \$120,660,000; East St. Louis, 3,400,000; Memphis, \$5,315,000; New Orleans, \$9,189,000; and Louisville, \$3,622,400, a total of \$145,186,400, or nearly one-half of the status of the entire system, extending from the lakes to the gulf and as far west as Omaha and traversing the greater part of eight States. Bromley said that the average value of the road per mile in Kentucky was \$37,000. The board assessed the company at \$27,124,400 in 1912 and \$23,000,000 in 1913.

The State filed affidavits of 74 ex-

DO IT NOW

Maysville People Should Not Wait Until It Is Too Late.

The appalling death-rate from kidney disease is due largely to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms often give place to chronic disorders and the sufferer may slip gradually into some serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they act where others fail. Over one hundred thousand people have recommended them. Here's a case at home:
Mrs. S. Neal, 497 W. Second St., Maysville, Ky., says: "One of my family had a great deal of trouble from his back and kidneys. Doan's Kidney Pills made him better and he always praises them."
Mrs. Neal is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Neal recommends—the remedy backed by home testimony. 50c all stores.
